I wish to express my thanks by informing you of the wonderful cure of my son; also to let you know that Vedetine is the best medicine I ever saw for Chills, Shakes, Fever and Ague. My son was sick with measles in 1873, which left him with Hip-joint disease. My son suffered a great deal of pain, ail of the time; the pain was so great he did nothing but cry. He kept on with the medicine, gradually gaining. He has taken eighteen bottles in all, and he is completely restored to health, waiks without crutches or cane. He is twenty years of age. I have a younger son fifteen years of age, who is subject to Chills. Whenever he feels one coming on, he comes in, takes a does of Vedetine and that is the last of the Chill.
